THE THAI CHAMBER OF COMMERCE  
สภาหอการค้าแห่งประเทศไทย  
BOARD OF TRADE OF THAILAND

**Message from the Chairman of The Thai Chamber of Commerce and Board of Trade of Thailand**

**On Preventive Measures against the COVID-19 outbreak**

Dear Members,

As Coronavirus (COVID-19) became a pandemic; more than 130 countries were infected, Thailand included. We are very concern of the situation and your well being of all of us. To ensure your health and safety, we have put together a guideline to share with you and your network in case the situation escalate.

To ensure our continuous support to you and your organization during this difficult time, our services have been put online for your convenience. By reaching us through our online system will reduce your travel time and the risk of catching or spreading the virus. This is crucial to prevent further damage to our community as well as our economy. We have set up BCM COVID-19 (Business Continuity Management) working group in preparation for the escalation of this pandemic. Our BCM has set aside a team of staffs and a separate location within TCC for service where face to face is required. Please rest assured that our CO, ATA Carnet standard certification services will continue without any interruption.

All members are invited to access information, news on the situation and guideline to help prevent the spreading of COVID-19 from our website:[www.thaichamber.org](http://www.thaichamber.org) or Facebook:Thai chamber and Line:@tccline.

I am confident that all of us, our TCC and BOT network will seriously follow the guideline to keep all of us away from catching or spreading the virus. Let us build the confidence to keep our community safe and to plan for recovery of Thai economy in the near future.

We will sail through this storm together and I thank you for all your kind cooperation in this difficult time.

Yours sincerely,

Kalin Sarasin

Chairman

The Thai Chamber of Commerce and Board of Trade of Thailand
